

Definitions for Open Data – Class Size 2017-2018

Column	Definition
[Definition of extract]	<p>This extract includes average class size for select grade groupings, the number of reported classes with assigned Education Assistants, and the number of reported classes with more than 30 students. This information is available at school-, district-, and province-level.</p> <p>The data in this table begins with school year 2006/2007.</p>
[Technical Notes]	<p>Class Organization information is collected annually by the Ministry of Education from public schools to monitor school district compliance with class size legislation (the Class Size Regulation within the School Act). The counts reflect the class organization as of the time specified in that year's instructions (typically between Sept 30 and October 15th).</p>
